TO WHOM IT MAY CONCERN

Dear Friends,

In March 1996 the band "Prague Funfair Orchestra" introduce itself in a few concert in Pretoria and Johannesburg. This group of professional musicians plays typical Czech music, folk, jazz and classical music. The band made five CDs, two musical films (The Songs of Old Prague II. represent Czech state TV on festival in Montreaux), they cooperate with European and Japanese broadcast companies, in Prague, they played on official due's presented by president of the Czech Republic Václav Havel's office. The orchestra was also appointed by Prince Charles for official dinner during his state visit to Prague. We belive, that the orchestra's future performance in Republic of South Africa will be interesting representation of Czech culture and will deepens informal contacts between Czech and South African artists. We would like to introduce the band also in some actions presented by our Embassy.

Yours faithfully
